The Grid and the River
Philadelphia’s Green Places, 1682–1876
Elizabeth Milroy

“Though it considers one aspect of a particular city in a particular period, this work will be more widely beneficial than its title suggests. . . . Meticulously researched and painstakingly documented, Milroy’s study creates a blueprint for historical works and scholarly presentation.”
—HENRIETTA VERMA, Library Journal

“Milroy has produced a grand history of public green spaces in Philadelphia, focusing on the development of, or rather, as Milroy reveals, the evolution of Fairmount Park through the 1876 centennial. . . . Thanks to Milroy, Fairmount Park can no longer be overlooked by city planning and design historians. Highly recommended.”
—A. E. Krulikowski, Choice

A Greene Country Towne
Philadelphia’s Ecology in the Cultural Imagination
Edited by Alan C. Braddock and Laura Turner Igoe

“Performing remarkable syntheses of environmental history and recent materialist cultural theory, the essays in A Greene Country Towne confirm Philadelphia’s centrality to the political, commercial, scientific, artistic, and natural history of the United States. A milestone in the multidisciplinary environmental humanities.”
—Michael Ziser, author of Environmental Practice and Early American Literature

—ANNE LATOWSKY, University of South Florida

An unconventional history of Philadelphia that operates at the threshold of cultural and environmental studies, A Greene Country Towne expands the meaning of community beyond people to encompass nonhuman beings, things, and forces.
At Work in Penn’s Woods
The Civilian Conservation Corps in Pennsylvania
Joseph M. Speakman

New in Paperback

“[This] book’s contribution to environmental history lies in its account of the logistics and politics of the CCC. Also, Speakman’s introduction on forestry and Pennsylvania history breathes new life into the clichéd image of Gifford Pinchot.”
—Ann N. Greene, Environmental History

Susan Rimby

Making Iron on the Bald Eagle
Roland Curtin’s Ironworks and Workers’ Community
Gerald G. Eggert

“This is a must study for those interested in local economic and business development in the face of industrial change, the shift from small business to the mass. It is also a wonderful discussion of life on an iron plantation, the structure of the labor force, the life of the people within the community, and the struggle that many family firms had as demand, new resources, and transportation changed the industrial scenery in a fluctuating industrial America.”
—Paul H. Tedesco, Journal of American History

A Visual History of Pennsylvania’s Railroad Lumbering Communities; The Photographic Legacy of William T. Clarke
Ronald E. Ostman and Harry Littell
Introduction by Linda A. Ries

“Valuable historical documents, the images fascinate, also, through their depiction of the environment devastated by logging activity and of the strange locomotives and heavy machinery, iron dinosaurs in the forest landscape. . . . This volume will be of equal interest to readers exploring nineteenth-century photography, Pennsylvania history, the logging industry, or environmentalism.”

—Michael Dashkin, Library Journal

“What a glorious feast for the eye! William T. Clarke’s images remind us that nineteenth-century Pennsylvanians lived in a wooden world: the trees still standing, and those cut for homes, trestles, railroad ties, tools, and fuel, reveal how incredibly useful the state’s forests were, for those lives depended on them."

—Char Miller, editor of Gifford Pinchot: Selected Writings

Published in collaboration with the Lumber Heritage Region of Pennsylvania and the Pennsylvania Historical and Museum Commission

Serious Nonsense
Groundhog Lodges, Versammlinge, and Pennsylvania German Heritage
William W. Donner

“Building on Steven Nolt’s Foreigners in Their Own Land: Pennsylvania Germans in the Early Republic, Donner’s short book successfully connects academic interest in Pennsylvania German traditions with ongoing Deitsch events.”

—B. B. Pfleger, Choice

“Donner opens the doors of the groundhog lodges and shows us the captivating look, feel, and sound of the lodges’ sometimes serious, sometimes jolly, always meaningful festivities. His riveting narrative and eye-opening photographs reveal, as no one to date has done before, the cultural dynamics of Pennsylvania German language, tradition, and identity within a changing world. This is a marvelous book, not just about a fascinating Pennsylvania German institution and its activities, but ultimately about organizing heritage in and out of the public eye.”

—Simon J. Bronner, Pennsylvania State University
From Memory to Memorial
Shanksville, America, and Flight 93
J. William Thompson

“Bill Thompson’s thorough analysis of the oral histories surrounding the downing of United Flight 93 in Somerset County results in a poignant, compelling, and engrossing account that answers the question: what happens next in an ordinary place where nothing will ever be quite normal again?”

“Weaving factual details with oral histories, Thompson traces the commemoration of United Flight 93 in Shanksville, Pennsylvania, from the bluntly patriotic temporary memorial erected on the site immediately following the crash of the hijacked plane on 9/11 to the sober minimalism of the Flight 93 National Memorial, dedicated in 2011. Engaging, informative, and heartfelt, From Memory to Memorial especially explores how, and why, contemporary Americans make mass tragedies memorable in public space.”
—Erika Doss, author of Memorial Mania

The Schenley Experiment
A Social History of Pittsburgh’s First Public High School
Jake Oresick

“Through the happy and effective working together of us all, for the common good, the life and comradeship of our school will be helpful and wholesome and delightful. Our school motto well expresses the directive aims of our school life: ‘Enter to Learn, Go Forth to Serve.’”
—PRINCIPAL JAMES NOBLE RULE, Schenley High School

The Schenley Experiment is the story of Pittsburgh’s first public high school, a social incubator in a largely segregated city that was highly—even improbably—successful throughout its 156-year existence. A memorable, important work of local and educational history, this book is a case study of desegregation, magnet education, and the changing nature and legacies of America’s oldest public schools.
Gifford Pinchot
Selected Writings
Gifford Pinchot
Edited by Char Miller

“A valuable contribution that will significantly enhance our knowledge and awareness of one of the nation’s leading intellectuals in land use. Char Miller has thoughtfully collected and organized the writings that capture the ideas and development of arguably the most important mind in the American conservation tradition.”
—Brian C. Black, author of Gettysburg Contested and Crude Reality

“Despite Gifford Pinchot’s high-profile reputation as a founder of American conservation, most scholars have likely read few of his own writings. With these well-chosen documents from Pinchot’s own hand, Char Miller provides a window onto Pinchot’s thinking about rivers, soils, minerals, agriculture, forestry, and public stewardship of natural resources during a time of sweeping change.”
—Mark Harvey, author of Wilderness Forever

Hope in Hard Times
Norvelt and the Struggle for Community During the Great Depression
Timothy Kelly, Margaret Power, and Michael Cary

New in Paperback

“The dichotomy separating praise for and criticism against the local village, and its ultimate worth, comes to life in Hope in Hard Times.”
—A. J. Panian, Mount Pleasant Journal

“Hope in Hard Times powerfully demonstrates the importance of writing history from the ground up. Vivid details of everyday life in Norvelt are woven into a compelling narrative that illustrates how New Deal policies shaped and were reshaped by the homesteaders. Variables of race, ethnicity, class, and gender—too often posited as if already formed—emerge from this particular time and place and lead to a better understanding of where to go from here as we consider the role of government in alleviating poverty.”
—Jane A. Juffer, Cornell University
Church and Estate
Religion and Wealth in Industrial-Era Philadelphia
Thomas F. Rzeznik

Plowshares
Protest, Performance, and Religious Identity in the Nuclear Age
Kristen Tobey

“This book is intense. Nuclear warheads, spilled blood, fiery trials, and bracing analysis fill the pages. Tobey shows how the Plowshares’ legendary protest actions—from direct monkey-wrenching to courtroom presentations—were boundary-making and -marking performances that reveal a great deal about how religious identities are constituted in fraught political and legal settings. Plowshares brings fresh and provocative insights to a host of timely issues being debated across religious studies, performance studies, and critical legal studies, among other fields.”

Pennsylvania in Public Memory
Reclaiming the Industrial Past
Carolyn Kitch

New in Paperback

“Pennsylvania is widely known for being at the center of the nation's industrial rise, and upon its fall, factories once devoted to the production of goods turned to issuing memories. Carolyn Kitch opens readers’ eyes to the profound, intriguing questions, conflicts, and implications raised by this move to heritage.”
—Simon J. Bronner, editor of the Encyclopedia of American Folklife

“Kitch offers up a fascinating survey of industrial historic sites and interpretation in this volume. Pennsylvania, deeply embedded in the history of industry and energy extraction, provides an excellent case study for her analysis. Given the vast array of sites that she visited, Kitch weaves together a discussion that is logically organized and clearly argued.”
—John Bloom, H-Penn

America’s Longest Run
A History of the Walnut Street Theatre
Andrew Davis

New in Paperback

Winner, 2010 Best Book on Theatre and/or Performance, American Theatre and Drama Society

“America’s Longest Run provides a rare opportunity to survey the development of an important American institution that has borne witness to much of the nation’s history. . . . Davis’s work will be a welcome addition to the library of anyone interested in the history of Philadelphia or the American theatre.”
—Aaron Tobiason, Pennsylvania History
Here and There
Reading Pennsylvania’s Working Landscapes
Bill Conlogue

“One can only wish that everyone loved the homes they were born into as much as Conlogue loves his; he renders Scranton and rural Wayne County with such enthusiasm and undying interest as to make the anthracite region appear rich with meaning and beauty.”
—Michael Buozis, Philadelphia Review of Books

“Conlogue uses the voices of poets to call attention to the stories not celebrated in the region [of northeastern Pennsylvania] to underscore the importance of understanding the place we call home. He calls attention to the darker remains of industry; rather than focusing on the heroic story of ‘building a new nation,’ he wonders how residents could ignore culm banks, mine fires and subsidence to remain unaffected by the physical past.”
—Sarah Piccini, Lackawanna Historical Society Journal

Staging Ground
An American Theater and Its Ghosts
Leslie Stainton

“Reading Leslie Stainton’s Staging Ground: An American Theater and Its Ghosts is like having a front-row seat at a thrilling epic drama. Stainton packs her stage with real characters, the famous and the infamous, and events unfold in a tumult of action both tragic and comic and at times heartbreakingly poignant. This book is great theater—immediate, engrossing, cathartic.”
—Helen Sheehy, author of Eleonora Duse: A Biography

“Rarely does one encounter so trenchant a mix of historical detail (meticulously researched) and personal history (deeply felt). Leslie Stainton weaves the twin strands of her hometown’s Fulton Theatre and her lifelong engagement with drama in ways both delicate and deft; this is one woman’s story, but the story also of our long national wrangle with make-believe and truth.”
—Nicholas Delbanco, author of The Art of Youth: Crane, Carrington, Gershwin, and the Nature of First Acts
David Franks
Colonial Merchant
Mark Abbott Stern

New in Paperback
“The author does a commendable job of combating the image of Franks as a man who abandoned his inherited faith. . . . Stern’s ability to make sense of a complicated set of materials will be valuable to colonial and revolutionary historians of Pennsylvania.”
—BENJAMIN G. SCHARF, Pennsylvania History

“In this gracefully written book, Mark Abbott Stern tells the story of a Jewish man, his Christian family, and his adopted city of Philadelphia during the era that led to American independence. David Franks: Colonial Merchant is the sweeping and illuminating chronicle of a businessman’s engagement with history, the grand intersection of personal temperament with war, westward expansion, and social assimilation. Demonstrating remarkable archival scholarship, Stern writes with skill, sympathy, and mastery about a man in his times.”
—Edith B. Gelles, Stanford University

The Practice of Pluralism
Congregational Life and Religious Diversity in Lancaster, Pennsylvania, 1730–1820
Mark Häberlein

New in Paperback
“No other recent scholarly study provides as thorough an account of the diversity of religious practice in a single community in eighteenth- and early nineteenth-century America.”
—SCOTT PAUL GORDON, Journal of Moravian History

“One of the book’s major strengths is its research. Häberlein has meticulously assembled biographic and economic data on a large portion of the pastors, deacons, elders, vestrymen, and other lay leaders in Lancaster during this period. This excellent book adds much to the understanding of religion in the early mid-Atlantic and the maturation of backcountry American society.”
—Steve Longenecker, The Catholic Historical Review
**A Time of Sifting**
Mystical Marriage and the Crisis of Moravian Piety in the Eighteenth Century
Paul Peucker

*New in Paperback*

“More than just an exploration of the Sifting period, the book places the events of that period in wider historical context. As a result, the volume offers a chance for amateur and professional historians alike to deepen their understanding of the eighteenth-century Moravian Church.”

—**Heather Vacek, Moravian Magazine**

“A major achievement of scholarship that reads like a mystery novel. Paul Peucker solves the enigma of the Sifting Time and shows that this controversial moment is even more interesting than earlier historians have assumed.”

—Scott Paul Gordon, Lehigh University

**Powwowing Among the Pennsylvania Dutch**
A Traditional Medical Practice in the Modern World
David W. Kriebel

*New in Paperback*

“Making the subject even more fascinating is Kriebel’s contention that some modern powwow activists have reinvigorated the ancient practice as a ‘new age’ phenomenon. Altogether, a fascinating exploration of a novel subject.”

—**Sol Puech, Bloomsbury Review**

“A well-written and wonderfully enjoyable book. Part of the volume’s appeal stems from Kriebel’s integration of case studies and appendices that allow powwowers and their clients to speak for themselves.”

—Karol K. Weaver, *Pennsylvania Magazine of History and Biography*

Indian Paths of Pennsylvania
Paul A. W. Wallace

With the advent of European settlement, the Indian foot trails that laced the Pennsylvania wilderness often became bridle paths, wagon roads, and eventually even motor highways. Most of the old paths were so well situated that there was little reason to forsake them until the age of the automobile. That the Indians, taking every advantage offered by the terrain, “kept the level” so well among Pennsylvania’s mountains is an engineering curiosity. Indian Paths of Pennsylvania traces the Indian routes, reveals historical associations, and guides the motorist in following them today.

The Nature and Pace of Change in American Indian Cultures
Pennsylvania, 4000 to 3000 BP
Edited by R. Michael Stewart, Kurt W. Carr, and Paul A. Raber

“An essential read for anyone researching the Transitional Archaic Period in Pennsylvania and a useful resource for all archaeologists studying the end of the Archaic period in Eastern North America.”
—JUSTIN M. REAMER, Midcontinental Journal of Archaeology

“A true synthesis of the most recent and cutting-edge interpretations of this enigmatic time period to date. Perhaps what is most impressive about this volume, however, is how the information is clearly embedded in archaeological, environmental, and technological contexts. It truly fills a gap in our understanding of the archaeological record.”
—William Schindler, Washington College

First Pennsylvanians
The Archaeology of Native Americans in Pennsylvania
Kurt W. Carr, and Roger W. Moeller

—RENA T A B. W O L YNE C, Edinboro University

“Finally, an accessible and profusely illustrated account of Pennsylvania’s past that will be useful to students in high school and introductory college courses as well as to the many modern Pennsylvanians who are curious about the people who were here before us. Carr and Moeller share their extensive knowledge while punctuating the archaeological story with first-person vignettes and the voices of other archaeologists describing their passion for the field. I look forward to using this book as a resource in working with the public and in my undergraduate teaching.”
—Sarah Neusius, Indiana University of Pennsylvania, author of Seeking Our Past: An Introduction to North American Archaeology

A Thorn for Beauty
Ernest Morrison

**The Knox Mine Disaster, January 22, 1959**  
*The Final Years of the Northern Anthracite Industry and the Effort to Rebuild a Regional Economy*  
Robert P. Wolensky, Kenneth C. Wolensky, and Nicole H. Wolensky  

“We are in debt to the Wolenskys for their hard-hitting exposé of the causes and consequences of the Knox Mine Disaster. . . . Certainly there are individual villains in the tale, but the larger picture offers the important lesson to take from this account. The competitive pressures generated in an industry in decline led to corrupt and ruthless practices that took the lives of innocent miners and delivered a death blow to the industry on which the economy of the Wyoming Valley was built. It is a story the authors remind us that we can ill afford to forget.”  
— Thomas Dublin, *Pennsylvania History*  

*The Knox Mine Disaster* is much more than a history of an accident—or an industry, for that matter. Because the book draws on the recollections of miners and their families, industry officials, and individuals involved in the legal aftermath of the disaster, it is an epic drama that is as spellbinding as it is sensational.

**Voices of the Knox Mine Disaster**  
*Stories, Remembrances, and Reflections on the Anthracite Coal Industry’s Last Major Catastrophe, January 22, 1959*  
Robert P. Wolensky, Kenneth C. Wolensky, and Nicole H. Wolensky  

Relive the drama of the Knox Mine Disaster of January 22, 1959, through the voices of survivors, the victims’ families, contemporary newspaper accounts, and the literature and music generated by the tragedy. Read the poignant and often shocking first-person accounts of those who lived through one of the most devastating disasters in American mining history. This companion volume to the best-selling book *The Knox Mine Disaster*, published in 1999 by the Pennsylvania Historical and Museum Commission, also offers a detailed study on how the citizens of northeastern Pennsylvania have memorialized and remembered the last major catastrophe to strike Pennsylvania’s anthracite industry.

Journal of Moravian History
Paul M. Peucker, editor

The Journal of Moravian History is a peer-reviewed English language journal, which publishes scholarly articles and reviews publications in all areas of the history of the Unitas Fratrum (Moravian Church, Herrnhuter Brüdergemeine). The Journal also publishes research notes and original primary source materials relating to the Unitas Fratrum.

One of the fascinating aspects of the history of Christianity is its incredible diversity of expression and evolution, particularly as Christianity left Europe, bound for the shores of America. The Moravian Church (Unitas Fratrum or “Unity of the Brethren”) arose in what is now known as the Czech Republic in the late fourteenth century. Fleeing persecution, the Moravians arrived in North America, settling especially in Bethlehem, Pennsylvania, and later in what is now Winston-Salem, North Carolina. The history of the Moravian Church is vital for understanding not only European church history but also the history of the church in North America.

The Journal of Moravian History is the official journal of the Moravian Archives and the Moravian Historical Society.
